

# IOWA

## OFFICE OF ADMISSIONS

Dear Shubhkaran:

Congratulations! I am delighted to invite you to the Hawkeye family as a member of the University of Iowa Class of 2024.

You have been admitted to the College of Engineering as a Computer Science and Engineering major for the Fall 2020 session. We recognize the work you have done and are impressed by the accomplishments reflected on your application. We believe you will be a great fit at the University of Iowa and look forward to the exceptional contributions you will make to the academic and student life on campus.

At Iowa, you will join an outstanding group of Hawkeyes who are thinking bigger, learning by doing, and creating their own distinct stories of success. We provide our students with the resources to forge their own path and the support to help them get wherever it may lead. Our academic quality, beautiful campus, and vibrant community combine to create one of the best college experiences in the world.

To receive your Certificate of Eligibility (Form I-20 or DS2019) you must complete all of the steps on your pre-arrival checklist. For more information about all of your next steps, please visit your [Admissions Profile](#).

It is important for you to know that you will be required to take an on-campus English Proficiency Evaluation (EPE) before registration unless you submit to the Office of Admissions a TOEFL (Test of English as a Foreign Language) score of 600 or higher on the paper-based test or 100 on the Internet-based test. Results of the EPE will determine whether you need to enroll in any English as a Second Language (ESL) classes.

To hold your place in the class you need to accept our offer by paying the \$250 Acceptance Fee from the link in your Admissions Profile. The deadline to accept is May 1, 2020.

Please visit iHawk via your [admissions profile in MyUI](#) with your HawkID and password to see what items are required before you enroll at the University of Iowa.

Again, congratulations! Contact us if you have any questions or want more information. We hope you will join current University of Iowa students and learn why it's great to be a Hawkeye!
