Dear Dishika,

Congratulations! You have been accepted to Georgia State University. We look forward to welcoming you to one of the nation's premier urban research universities and trust you will find a wealth of opportunities here.

Your admission is to the College of Arts and Sciences to pursue a major in Computer Science (Pre). Your acceptance is valid for the Fall (August) 2022 semester only. If you choose not to attend, your documents will remain on file for one year. You can delay your entry term for up to two semesters using the [reactivation form](#). If you choose to start later than this, you must submit a new application.

You will receive an email from the office of International Student and Scholar Services (ISSS). This email will invite you to upload financial and other information that is required to obtain immigration paperwork. You will upload this information via an online system called *iStart*. Once your immigration file is complete, your form I-20 or DS-2019 will be processed and sent to you. Then, you can apply for a visa to enter the United States. For more on the I-20 process, visit iss.gsu.edu/i-20. Next, we encourage you to visit iss.gsu.edu/next-steps for your next steps after admission. We encourage you to immediately activate your campusID and official email to stay connected with Georgia State University.

Joining the Georgia State family promises dynamic academic challenges and a diverse student experience. We can't wait to be part of your journey to a successful future. Use #TheStateWay to share the good news on social media. You're a Panther now!

Sincerely,

Scott Burke, M.Ed.

Associate Vice President, Office of Undergraduate Admissions
