Dear Shitisha,

Congratulations! It is my pleasure to offer you admission to Semester One of the Bachelor of Commerce, Management Economics and Finance Co-op Program for the fall 2022 entry point.

In recognition of your outstanding academic achievement, we are pleased to offer you a University of Guelph Entrance Scholarship in the amount of \$6500.00. Your award is granted on a competitive basis at the discretion of the University of Guelph to those students deemed to have a high admission average alongside any other required supporting documentation for your graduating curriculum and chosen major. The award will be paid in two equal installments, one in each of the Fall and Winter semesters and will be deposited directly to your University of Guelph student financial account. Full-time registration (minimum of 2.0 credits for both Fall and Winter semesters) in the degree and major noted above is required for both installments of this award. This award is renewable and you would be eligible to receive a \$4,000 award in years 2, 3, and 4 if all [renewal criteria](#) are met each year. Please note that you must be entering an undergraduate degree, be paying international student fees and possess a 'student visa' in each of the fall and winter semesters.

As a student in the Gordon S. Lang School of Business and Economics, you will join one of Canada's top comprehensive universities and Canada's best university for sustainable business practices. Here, you will focus on socially responsible business solutions, and you will join a community of students who are collectively redefining leadership. You will also benefit from experiential learning opportunities that encourage you to engage with workplaces and communities. Through collaboration and launching new business ventures through our John F. Wood Centre for Business and Student Enterprise, you will become part of the next generation of entrepreneurial business leaders.

You will learn from professors who are conducting world-renowned research and embracing new, revolutionary ways of teaching. You will also find opportunities to benefit from applied business projects and participate in product development endeavours, internships and externships. During your time here, you will explore and develop new skills and exciting career paths – and you will help our community show the world how to use business as a force for good.

The University of Guelph is known for providing volunteer and leadership opportunities that develop the whole student and for instilling lifelong skills to help you adapt to an ever-changing world beyond graduation. In selecting U of G, you will choose a university recognized internationally for excellence in innovation and research. You will engage in lively debate and discussion with teachers and students, and forge friendships that will last a lifetime.

We invite you to connect with us and learn all about what it means to be a Gryphon. Chat with current students, schedule a one-on-one conversation with a staff member and experience many of our campus highlights virtually. You can do it all at admission.uoguelph.ca/visit-us-virtually.

Come and find your place at the University of Guelph; be part of our shared purpose to Improve Life!
