Dear Surleen:

Congratulations and welcome! We are pleased to offer you "provisional" admission to the following program at California State University, East Bay beginning in **Fall Semester 2022: Health Sciences BS**.

Your official admission packet will follow in the mail to the address listed on your Cal State Apply application unless you intend to enroll as an international student on an F-1 student visa. If you plan to study as an F-1 student, you should receive a message in your horizon email account within three days that will explain the process of collecting the necessary documents to issue you your immigration documents. Once you submit the required documents, your admission packet and immigration document form I-20 will be sent to your Cal State East Bay horizon email account. We appreciate your patience during this time. If you do not receive an email about your F-1 visa after one week of this message, please email csueb.i20@csueastbay.edu for an update.

View the Admission Checklist to familiarize yourself with information and deadlines in preparation of your upcoming enrollment. If you have yet to do so, please activate your CSUEB NetID at www.csueastbay.edu/netid. You need your NetID to access your personal MyCSUEB To Do List and Horizon email account. Your NetID is: ns6561

If you have any questions, please contact us at (510) 885-7571 or iao@csueastbay.edu. Again, congratulations on your accomplishment. We look forward to your joining our diverse and vibrant community.

Sincerely,

*Broadening
